## **PRESS RELEASE**

For Immediate Release

11 April 2006

### **Ci3's SWORD FIRST CHOICE FOR JUPITER**

**Dublin, Ireland, 11 April 2006 – Jupiter**, the leading fund and asset management firm has chosen **Ci3's** flagship product **SWORD** as its operational risk management solution.

SWORD will initially be deployed by Jupiter at 60 stations across its operations. SWORD offers Jupiter comprehensive enterprise-wide risk measurement, monitoring and management capability. SWORD was chosen by Jupiter following comprehensive analysis of the operational risk management systems market.

"Ci3 is delighted that Jupiter has chosen SWORD as its operational risk management solution", says **Seamus O'Farrell, Managing Director Ci3**. "Jupiter is a leading fund and asset management firm with a reputation for excellence in operational risk management and compliance. Their concerns and priorities are a true reflection of where the market's thinking is. Their vote of confidence in us following a comparative study of operational risk system offerings is positive proof that SWORD addresses all the key compliance and risk issues," he says.

SWORD was recently voted #1 Risk Assessment, Key Risk Indicators and Internal Loss Data in the December 2005 survey of over 450 financial institutions by leading industry publication Risk Magazine.

Ends.
